

Weep in His Arms *

Richard Veras / Riro Maniscalco

G Em D

Weep in his arms Joseph

G D

Weep in his arms

G D

Fall into your Father

A Bm

And weep in his arms

G D

Fall into your Father

A D

And weep in his arms

A G

Your father's love for you

D

Once fueled your brother's hate

A G

Like lions crouched in hiding,

D

Their hatred lay in wait

G F#m

They sold you into slavery

G D

Into a foreign land

A G

But now the face of Israel

D

Is your homeland again

Weep in his arms Joseph ...

Your wisdom and your loyalty

Once built your master's trust

But what was built was torn down

By his woman's chastened lust

Her evil lies sent you to jail,

Obscured your liberty

But now that face of Israel

Reminds you that you're free.

Weep in his arms Joseph ...

The Pharaoh's admiration

Could never heal your wound

Success and adulation

Are tied to time and doomed

All the power in the world

And all the wealth and fame

Are nothing to your father's voice

Crying out your name.

Weep in his arms Joseph ...

Your brother's humbled faces,

Made your father's live again

What you saw and loved in Him,

You could see and love in them

And though they did not know you,

Your love would make you known

Now let your father make you know

You've always been his son

Weep in his arms Joseph ...
