

## Razon De Vivir Mercedes Sosa

Dm Dm/C Em7b5 A7  
Para decidir si sigo poniendo esta sangre en tierra  
Este corazón que bate su marcha a sol y tinieblas  
Para continuar caminando al sol x estos desiertos  
Para recalcar que estoy viva en medio de tantos muertos  
F C Dm  
Para decidir, para continuar, para recalcar y considerar  
Dm/C Em7b5 A7  
Solo me hace falta que estés aquí con tus ojos claros...

Dm Dm/C Em7b5 A7 Dm Dm/C Em7b5 A7 Dm Dm/C Em7b5 A7  
(R)Ay..... fogata de amor y guía, razón de vivir mi vida... 2x

Para aligerar este duro peso de nuestros días  
Esta soledad que llevamos todos, islas perdidas!  
Para descartar esta sensación de perderlo todo  
Para analizar por donde seguir y elegir el modo

Para aligerar, para descartar, para analizar y considerar  
Solo me hace falta que estés aquí con tus ojos claros...(R)

Para combinar lo bello y la luz sin perder distancia  
Para estar con vos sin perder el ángel de la nostalgia  
Para descubrir que la vida va sin pedirnos nada  
Y considerar que todo es hermoso y no cuesta nada

Para combinar, para estar con vos, para descubrir y considerar  
Solo me hace falta que estés aquí con tus ojos claros...(R)

## Reason To Live

To decide if I keep shedding this blood, On the ground, This heart that is beating, Sun and Darkness  
To continue walking in the sun, Through these desserts, To emphasize that I'm alive, Among so many dead people.  
To decide, To continue, To emphasize and consider, I only need you to be here, With your bright eyes

(R)Oh blaze of love and guide  
Reason to live my life

2.To alleviate the hard weight, Of our days, This loneliness that we all carry with us, Lost islands  
To rule out this feeling, Of losing everything, To analyze where to go on, And to choose the way of doing it

To alleviate, To exclude, To analyze and consider, All I need is you to be here, With your bright eyes(R)  
3.To combine the beauty and the light, Without losing distance, To be with you without losing the angel, Of nostalgia and longing

To discover that life is going on, Without asking anything from us, And to consider that everything, is beautiful and free of charge

To combine, To be with you, To discover and consider, That all I need is you to be here, With your bright eyes.
